

Glovoapp23 S.A. Statement on the Digital Services Act

The Digital Services Act (the “**DSA**”) is a European Union Regulation which aims to create a safer digital space protecting the fundamental rights of users, while establishing a level playing field for online intermediaries in their role of connecting consumers with goods, services, and content.

Glovoapp23 S.A., a subsidiary of Delivery Hero SE and part of the “**Delivery Hero Group**”, is fully committed to promoting a secure digital environment and tackling the dissemination of illegal content as well as the societal risks that disinformation or otherwise harmful content may generate.

Information on average active monthly users

Pursuant to Article 24 (2) of the DSA, online platforms shall disclose information on the average monthly active recipients of the service in the Union, calculated as an average over the period of the past six months.

The Delivery Hero Group has calculated the average monthly active recipients of its services in accordance with the relevant provisions of the DSA and the guidance provided in Recital 77. Calculated for the six month period between 1 July 2022 and 31 December 2022, the average number has been estimated to be well below the threshold set for the designation of a Very Large Online Platform. **Please access the information provided on the Delivery Hero interface [here](#).**

Ongoing commitment and communications

In its mission to fully comply with the DSA, the Delivery Hero Group will continue to closely monitor the number of average monthly active recipients of its services in the EU and will update the information provided every six months going forward, pursuant to Article 24 (2) of the DSA.
